First Capital Bancshares, Inc. Announces Earnings for the 2nd Quarter Of 2020

Charleston, South Carolina, July 31, 2020, The Board of Directors of First Capital Bancshares, Inc. announced their second quarter results, for the period ended June 30, 2020.

Financial highlights for the Second Quarter of 2020 include:

- Total loans receivable increased by 34.2%, or \$35.3 million since December 31, 2019. This growth excludes payment protection program ("PPP") loans of \$16.0 million.
- Total assets increased 51.6%, or \$70.5 million to \$207.1 million since December 31, 2019.
- Total deposits increased 69.8% or \$64.7 million to \$157.4 million since December 31, 2019.
- The pre-tax pre-provision income of \$698,000 for the quarter ended June 30, 2020, compared to the pre-tax pre-provision loss of \$(319,000) for the quarter ended June 30, 2019
- Net Income for the second quarter of 2020 of \$249,000 compared to a net loss of (\$319,000) for the second quarter of 2019.

Operating Results:

"We are extremely pleased with the operating results for the second quarter of 2020. I am proud of our team and the response of the Company to the challenges presented by the ongoing COVID-19 pandemic and its economic pressures. The increase in loans receivable of 34.2%, excluding the effects of the PPP Loans, since December 31 is a great accomplishment. In addition to the strong non-PPP loan growth during the quarter, the bank is proud to have helped facilitate over \$16.0 million in PPP loans to over 170 business owners impacting over a thousand employees throughout our market. As a community bank committed to the success of local businesses, we are pleased to be able to support our customers with access to the PPP funding from the SBA.", stated Frank Cole, Chief Executive Officer.

Frank Cole continued "While we continue to experience quality loan growth, it should also be noted that our credit metrics, including nonperforming assets and charge off ratios, continue to remain very favorable. At the same time, there is much unknown about the economic impact of the pandemic; therefore, we continue to prepare our balance sheet and our resources for an uncertain future."

In response to this uncertainty of future credit losses related to the COVID-19 pandemic and its effect on our local markets, the bank added \$380,000 to the provision for loan losses in the second of 2020 as well as \$340,000 in the first quarter of 2020. The bank has limited exposure to industries currently deemed to be "high risk" such as lodging, energy, and restaurants.

COVID-19 Update:

The economic shutdown necessitated by the ongoing novel coronavirus (COVID-19) pandemic has resulted in a loss of business for many of our customers and the effects continue to be felt throughout the markets we serve. A recent surge in cases in our local markets has resulted in additional limitations and safeguards being implemented by state and local governmental authorities, which will delay the efforts of businesses to work toward normal operations until it is safely possible to do so. As such, we continue to have limited access to our branches including drive-thru only in certain branches and have approximately 75% of our workforce working remotely to mitigate exposure to and community transmission of the virus.

About First Capital Bank:

About First Capital Bank: First Capital Bancshares, Inc. is the bank holding company of First Capital Bank. The Company was founded in 1999 and is headquartered in Charleston, South Carolina. First Capital Bank is a locally operated financial institution focused on providing personalized service and offers a full range of banking services.
